

QUALITY POLICY AND PROCEDURES

We are committed to:

- ✓ Complying with the requirements established by Customers, regulation, approved Codes of Practice by other interested parties. This covers: Communications, workmanship, products (where applicable, the equipment we use is CE marked as required by the Construction Products Regulation (305/2011/EU), contractual, programme, costs, dealing with non-conformities or non-compliance (including Health & Safety or Environmental matters), response to queries and customer service matters.
- ✓ The continual improvement of the Company's overall performance and the effectiveness of the business management systems.
- ✓ Enhancing the satisfaction of Customers in order to please and gain repeat business.

To achieve these commitments, the Company Management will co-ordinate all work activities.

Adherence to this Policy involves all of the Company's output and services and their effects.

This Policy is to be communicated, implemented and maintained at all levels within the Organisation on Company Induction and whenever it is amended.

The Policy includes the establishment and review of Company objectives.

All Managers have responsibility for the effective operation of the Business Management and procedures in operation.

We audit this Policy by monitoring all activities, this is achieved via:

1. Workplace audits and checks carried out by competent persons.
2. Training needs analysis to ensure all workers have the necessary skills, knowledge, experience and training for their role and annual review of these in light of performance.
3. Management reviews carried out on a monthly basis or at the end of each project.
4. Review meetings, progress reports, programme and cost plan reviews.
5. Reporting of non-compliance or non-conformities. Procedures for this are on the next page.
6. Reviewing recorded accidents, incidents or near misses.
7. Snagging of works, progress reports and "project feedback evaluations".
8. Reviewing complaints of any kind, whether they be from Customers, Suppliers or our own team - the procedures to be followed are as described on the next page.

All Employees, Sub-Contractors and Agents acting on our behalf will be made aware of the Company's arrangements with regard to all policies and procedures, including being given a copy of this Policy.

Clients, Co-Contractors and their Agents may also be given a copy to ensure that we are very clear about how seriously we take our responsibilities towards everyone we have contact with during our work.

Additional Company guidance will be given to all persons working for this Company which outlines our rules and other information relating to working for our Organisation.

The current Woodcraft Joinery Limited Quality Policy has been adopted and endorsed by:

A rectangular box containing a handwritten signature in black ink. The signature appears to be 'I. Walker'.

Ian Walker (Managing Director)

Dated: 15th October 2021

Date of next review: by the end of October 2022

Work Flow Chart, Non-Conformities, Non-Compliance and Complaints Procedure:

PURPOSE: To identify and take corrective action to remedy any instances whereby the usual high standards we require may not have been met.

SCOPE: All work planned, carried out and handed over in connection with the business functions of our company. Specifically, it covers:

- Receiving enquiries or reports of jobs to be surveyed/carried out.
- Arranging the works, including our own Staff, other Contractors and Suppliers of goods.
- Carrying out work free from defects in a health, safety and environmentally friendly conscious manner, meeting required timescales.
- Ensuring that we show courtesy and care for our Customers throughout, including their considering particular business needs.

The following are the actions to be taken in the event of any potential deficiencies being identified:
